| 型号   | YDP-S31 | 颜色 | 玫瑰木色 |
| featurestrue piano feel and expressive control |         |    |      |

drawing on over a hundred years of experience and craftsmanship in making world class acoustic pianos, yamaha introduces theariusseries. all of these instruments provide exceptionally natural, grand piano-like touch, with realistic weight gradations—heavy in the lower end and light in the upper. the ydp-140 and ydp-s31 have the graded hammer standard keyboard with realistic matte black finish key tops. the premium graded hammer action of the ydp-160 provides even greater expressive control, including repeated playing of the same note with perfect articulation. in this way, the graded hammer keyboard suits skill levels from chopsticks to chopin etudes and everything in between.

awm stereo sampling for authentic piano sound

thearius series utilize yamaha's sophisticated awm (advanced wave memory) stereo sampling for the instrumental voices—faithfully reproducing all of the dynamic details and sonic nuances of the original. taken at different 3 levels of soft, medium and loud each key is comprised of multiple stereo recordings of an actual grand piano. this provides subtle differences in volume and timbre depending on how you play the keys, and gives you full expressive control over the sound.

music book included

an excellent practice companion, 50 greats for the piano includes sheet music for each of the built-in songs of thearius.
