

大型桥梁工程建设专用工程塑料合金板

产品名称	大型桥梁工程建设专用工程塑料合金板
公司名称	山东宁津县鸿宝化工有限公司
价格	.00/个
规格参数	
公司地址	山东省德州市宁津县大曹镇孙其宾村
联系电话	1506-5345977 15065345977

产品详情

Shandong hong bao chemical professional build engineering plastics alloy slider, MGE slider, creating your bridge project, low-price wear-resisting, compressive materials, replacing the previous ptfе sliding block, because the product wear-resisting corrosion resistance, pressure on the performance is good, wear resistance, self-lubrication properties on weight shift, bridge jacking translation project MGE slider has played a big role.

It has been widely used in China railway construction, China railway bridge construction and other companies, and recommended to other brother units, the effect is very good.

MGE sliding block is also used for bridge support sliding block, heavy steel structure translation sliding block, crane micro-moving cushion, etc

Shandong hongbao chemical research and development of new modified engineering plastic alloy is a metal products can replace the magic plastic!

山东鸿宝化工专业打造工程塑料合金滑块，MGE滑块，为您的桥梁工程打造优价的耐磨，抗压材料，代替了之前的聚四氟乙烯滑块，由于产品耐磨耐腐蚀、承压性能好、耐磨、自润滑等性能在重物平移、桥梁顶推平移项目上MGE滑块起到了很大的作用。

曾在中铁建设 中铁大桥建设等公司大量的使用，并且推荐给了其他的兄弟单位，效果非常好。

MGE滑块还用于桥梁支座滑块、重型钢结构平移滑块、起重机微移支垫等

山东鸿宝化工研发的新型改性工程塑料合金是可以替代金属制品的神奇塑料！！
