Supply Compliance Audit Network (SCAN), 字面翻译是供应合规审核网络, 由美国大大小小的进口商成立的一个行业协会, 目标是减少供应链安全审核, 让进口商可以共享审核报告信息。沃尔玛也是接受SCAN作为反恐验厂的客户之一。 以下是能找到的相关SCAN反恐验厂介绍: Effective May 1, 2015, Global Security Operations (GSO) will begin a transition of the Walmart Supply Chain Security Program for the U.S. Market to the Supply Compliance Audit Network (SCAN). This program change serves to standardize the Facility Security Audit process and minimize redundant and unnecessary audits. SCAN is an industry trade association comprised of U.S. importers, both large and small, with a mission to reduce or eliminate repetitive security audits through a shared audit program that utilizes mutually accepted global compliance standards, with consistent expectations, and builds upon recognized best practices. SCAN反恐验厂中国的审核费用为1045USD, 最大好处是可以分享SCAN反恐验厂报告给其他客人, 避免重复验厂。 这样看来和前几年比较热门的GS V审核比较类似, 前些年因为沃尔玛认可该项目, 且只有一家审核公司进行审核, 对很多出口企业应该是刻骨铭心。可以预见的是, 如果SCAN反恐验厂项目起来, 原有的供应链反恐安全审核的项目将会越来越没有市场。
