Delrin? 500ALNC010 Lubricated, Acetal Homopolymer, Medium Viscosity

Delrin? 500CLBK601 Chemically Lubricated, Medium Viscosity AcetalHomopolymer

Delrin? 500CLNC010 Chemically Lubricated, Medium Viscosity AcetalHomopolymer

Delrin? 500TLNC010 1.5% Teflon? PTFE Micropowder in AcetalHomopolymer

Delrin? 520MPNC010 20% Teflon? PTFE Micropowder in AcetalHomopolymer

Delrin? FG100ALNC010 Lubricated, High Viscosity Acetal Homopolymer, Food ContactCompliant Grade

Delrin? FG100TLNC010 High Viscosity Acetal Homopolymer with 1.5% PTFE Micropowder,Food Contact Compliant Grade

Delrin? FG500ALNC010 Lubricated, Acetal Homopolymer, Medium Viscosity, FoodContact Compliant Grade

Delrin? FG500TLNC010 1.5% Teflon? PTFE Micropowder in Acetal Homopolymer,Food Contact Compliant Grade

Delrin? SC652 NC010 A medium viscosity acetal homopolymer, with an advancedsystem of lubricants. It is

developed for parts requiring low wear, low friction and low squeak noise for the healthcare industry.

Delrin? SC699 NC010 A low viscosity acetal homopolymer, lubricated, developed for parts requiring high precision molding in the healthcare industry.
