

ISO 15985测试

产品名称	ISO 15985测试
公司名称	厦门博测商务服务有限公司
价格	20000.00/个
规格参数	
公司地址	厦门市同安区舒安里17号
联系电话	0592-5522220 05925522220

产品详情

ISO 15985 is actually the equivalent of ASTM D5511 on international (ISO) level. This is a test method which OWS co-developed many years ago and a test we run on a daily basis. It can be used for two purposes:

Verifying the biodegradation behavior under anaerobic digestion conditions

Verifying the biodegradation behavior under (accelerated) landfill conditions

I expect the customer is looking to obtain data on landfill biodegradation, correct? In that case, testing needs to be run at 37 ° C.
