产品详情

原料：超耐候树脂和改性PVC树脂

技术：该产品采用超耐候树脂和改性PVC树脂，通过最先进的多层共挤技术一次加工而成。

特点：具有颜色持久、质轻、自防水、坚韧、保温隔热、隔音、耐腐蚀、抗风防震、抗冰雹、抗污、绿色环保、防火、绝缘、安装方便等优点。最大优点是大幅度提高隔热性能。

Raw materials: Super weather-resistant resin and modified PVC resin

Technology: This product adopts super weather-resistant resin and modified PVC resin, and adopts the most the most advanced multilayer co-extrusion technology for one-step compositing.

Features: Advantages include lasting colors, light weight, waterproofing, toughness, heat preservation and insulation, sound insulation, corrosion resistance, wind and vibration resistance, hail resistance, stain resistance, green environmental protection, fire proofing, insulation and ease of installation, etc. The best advantage is greatly improved heat insulation.
