

永磁筒，不锈钢除铁器，卫生级除铁器

产品名称	永磁筒，不锈钢除铁器，卫生级除铁器
公司名称	慈溪市骏凯磁业有限公司
价格	4000.00/个
规格参数	
公司地址	浙江慈溪龙山镇西门外村龙瑞路
联系电话	0574-55848832 15705844183

产品详情

永磁筒 Bullet Magnet

永磁筒由磁芯和筒体组成，磁芯具有很强的径向磁场，物料流过磁芯与筒体之间的间隙，铁杂质被磁芯吸住，从而有效过滤颗粒状、粉末状物料里的铁杂质。进出口可通过法兰或快速接口方便的安装在生产线上。为了能够快速的清理，在打开快速释放钩后，拉开安装磁芯的门，就可以轻松的取出磁芯进行清理。

主要应用：

磨面和面粉加工

谷物加工

塑料粉加工。

高岭土滑石粉等粉体加工
The Bullet Separator is an efficient, cost-effective device for extracting iron particles from free-flowing granular products. It is designed for installation in pipelines or ducted systems, as material flows over the Magnetic Bullet, any ferrous particles is attracted to the highly magnetic surface and securely held in position. Design for quick and easy cleaning

By releasing the quick-action catchers and opening the door, the bullet swings clear and can then be wiped clean. The operation only takes a few seconds and back in operation again. Application Flour Processing and Milling Grain Processing Plastics Granular Processing

Kaolin and French chalk processing
