

高铁拱型骨架钢模具 坚固耐用 发货及时

产品名称	高铁拱型骨架钢模具 坚固耐用 发货及时
公司名称	保定市飞皇模具制造有限公司
价格	.00/套
规格参数	飞皇模具:飞皇模具 齐全:齐全 保定:保定
公司地址	保定市北市区东金庄乡后辛庄村村西
联系电话	19933355533

产品详情

保定市清苑区大进模具加工厂拥有专业加工团队，常年专注于高铁护坡拱型骨架钢模具生产，质量可靠，供货周期短，厂家直供，钜惠。

高铁拱型骨架钢模具包括：主拱、副拱、截水槽、拉杠。模具为组合式，工人搬运方便。

高铁拱型骨架钢模具选用3mm厚度主板制作，一套重在300公斤左右。

高铁拱型骨架钢模具用于高速铁路两侧边坡防护使用，也就是现场预制混凝土的钢模板，模具形状为半圆拱型，常规拱形骨架的直径为3米，深度40cm、50cm、60cm、70cm不等，按图纸加工。

大进模具厂合作项目：集通铁路、通启高速、梅汕铁路、商合杭铁路、成昆铁路、京沈高铁、大张高铁、赤喀高铁、汉十铁路、大临铁路、太焦铁路、京沪高速、深茂铁路、济青高铁、云湛高速、绥延高速、通新客专高铁、滨莱高速、郑济铁路、郑万铁路、郑合高铁、双龙高铁、沪苏湖高铁、郑徐客专铁路、蒙华铁路、同让铁路等等。

感谢您关注我们的产品，若您希望获得进一步的了解，如模具价格、模具质量、模具重量、模具结构、模具加工周期及运输方式等更多详情，欢迎您随时联络我们，竭诚为您提供满意的服务。

Baoding Qingyuan Dajin Mold Processing Factory has a professional processing team, perennial focus on high-speed rail slope protection arch skeleton steel mold production, reliable quality, short supply cycle, direct supply from manufacturers, the price is huge.

The high speed rail arched skeleton steel mold includes: main arch, auxiliary arch, water trench and pull bar. The mold is modular, and the workers are easy to handle.

The high speed rail arched skeleton steel mould is made of 3mm thickness main board, one set is about 300 kilograms.

High-speed railway arch skeleton steel mold is used for slope protection on both sides of the high-speed railway, that is, the steel formwork of on-site precast concrete. The shape of the mold is semi-circular arch. The diameter of the conventional arch skeleton is 3 meters, and the depth is 40 cm, 50 cm, 60 cm, 70 cm. The mold is processed according to the drawings.

Dajin Mold Factory Cooperation Projects: Chitong Railway, Tongqi High-speed Railway, Meishan-Shantou Railway, Shanghe-Hangzhou Railway, Chengdu-Kunming Railway, Beijing-Shenzhen High-speed Railway, Dazhang High-speed Railway, Chika-Kazakhstan High-speed Railway, Han-Shi Railway, Dalin Railway, Taijiao Railway, Beijing-Shanghai High-speed Railway, Shenzhen-Mao Railway, Jinan-Qinghai High-speed Railway, Yun Lai Expressway, Zheng-Ji Railway, Zheng-Wan Railway, Zheng-He High-speed Railway, Shuanglong High-speed Railway, Hu-Su-Hu High-speed Railway, Zheng-Xu Passenger Dedicated Railway, Meng-Hua Railway, Tong-Jean Railway and so on.

Thank you for your attention to our products. If you want to get further understanding, such as mold price, mold quality, mold weight, mold structure, mold processing cycle and mode of transportation and other details, you are welcome to contact us at any time, wholeheartedly to provide you with satisfactory service.
