

MPCB线路板激光切割机| CO2激光分板机PCB激光开窗设备

产品名称	MPCB线路板激光切割机 CO2激光分板机PCB激光开窗设备
公司名称	深圳市超越激光智能装备股份有限公司
价格	180000.00/台
规格参数	品牌:Beyond laser Tel:18126260045 型号:CY-QGCO2
公司地址	中国广东省深圳市龙岗区同乐社区水田一路13号
联系电话	0755-28623985 19878408040

产品详情

MPCB激光分割机/MPCB laser splitter

用途/USAGE

直线电机激光切割机适用于铝基板、陶瓷基板、铜基板、FPC、不锈钢、碳钢、铝铜、紫铜、镀锌板，硅钢材料上切割；应用于首饰、眼镜、电子元件、钟表、精密机械、工艺礼品等行业，集先进的光纤激光技术、磁悬浮技术、数控技术、精密机械技术于一体的高新技术设备。

Linear motor laser cutting machine is suitable for aluminum substrate, stainless steel, carbon steel, aluminum copper, copper, galvanized sheet, silicon steel material cutting; used in jewelry, glasses, electronic components, watches, precision machinery, craft gifts and other industries, advanced The high-tech equipment of fiber laser technology, magnetic levitation technology, numerical control technology and precision mechanical technology.

特征/CHARACTERISTICS

高效率进口激光器；

High efficiency imported lasers;

机架采用大理石结构，整体刚性好、强度高；

The frame is made of marble and has good overall rigidity and high strength.

横梁体采用轻量化设计，具备良好的加速性能；

The beam body is lightweight and has good acceleration performance;

经过数控龙门铣床精密加工,确保运动精确 ;

Precision machining by CNC gantry milling machine to ensure accurate movement;

采用日本精密直线导轨 , 定位精度高 , 磨损少 ;

Adopting Japanese precision linear guide rails, the positioning accuracy is high and the wear is small;

能长时间维持高精度 , 组装容易并具互换性 ;

It can maintain high precision for a long time, and it is easy to assemble and interchangeable;

设备主机整体刚性好、强度高 ;

The equipment main body has good rigidity and high strength;

比传统机床提高20%的效率 ;

20% more efficient than traditional machine tools;

整机运行稳定、技术成熟、切割效率高 ;

The whole machine is stable in operation, mature in technology and high in cutting efficiency;
