产品详情

大型切肉机产品用途：欣加特全新升级版切肉机适合切无骨肉类食物，把原材料肉切成肉片肉丝、丁，也可切辣椒、海带、鱼皮、动物内脏、葱丝等。此设备用于餐饮或肉档、肉类加工企业、幼儿园、食堂等。

Meat slicer : The meat slicer is suitable for cutting boneless meat. The raw meat is cut into pieces of pork, diced, and can also be cut into pepper, kelp, fish skin, animal offal, onion and so on. This equipment is used for catering or meat stalls, meat processing companies, kindergartens, canteens, etc.

立式切肉机产品特点：欣加全新升级版切肉机特整机采用不锈钢制造，特殊不锈钢刀片旋挂式刀组设计、硬度为52度，经久耐用，洗拆方便，可以订做2.5-25MM之间刀组规格，其中内部重要部件变速箱、采用国际流行的精密压铸技术、加工精度和耐用度都超越同行类产品、另采用低压控制高电压技术、使用更安全、当机器工作时间过长或异常故障、电路都会对电机进行过热和过载保护。

Meat slicer product features : Xinjia's new upgraded version of the meat slicer is made of stainless steel. The special stainless steel blade rotary cutter design, the internal important parts of the gearbox, the international popular precision die-casting technology, processing precision and durability are beyond peers. Products, other low-voltage control high-voltage technology, safer to use, when the machine works too long or abnormal failure, the circuit will protect the motor from overheating and overload.
