

美国ABI进口八联PCR管0.1ml不含管盖4358293

产品名称	美国ABI进口八联PCR管0.1ml不含管盖4358293
公司名称	上海凌仪生物科技有限公司
价格	1281.00/盒
规格参数	品牌:美国ABI 型号:4358293 规格:0.1ml
公司地址	上海市松江区佘山镇陶干路701号5幢
联系电话	021-56722636 17317512706

产品详情

美国ABI进口MicroAmp Fast 8-Tube Strip八联PCR管0.1 ml (不含管盖) 4358293

产品介绍：

Applied Biosystems MicroAmp 光学8联排管理想的设计，可紧密放置于我们的 Applied Biosystems 实时荧光定量PCR系统或PCR仪中，较大程度提高热传导性和精确控制循环温度。需使用适合您的仪器的托架或支座板。

Applied Biosystems MicroAmp plastic consumables are optimized to provide unmatched temperature accuracy and uniformity for fast, efficient, oil-free PCR amplification. The MicroAmp Fast 8-Tube Strip fits snugly in the Veriti Fast 96-Well Thermal Cycler, maximizing thermal conductivity and providing precise control of cycling temperatures. It requires use of the MicroAmp Fast 96-Well Tray (SKU# 4358305). Enhances thermal conductivity, enabling precise control of cycling temperatures Ensures reproducible, specific, and sensitive results Reduces PCR amplification time from 2 hours to as little as 25 minutes when used with the Veriti 96-Well Thermal Cycler Amplify in as Little as 25 MinutesThe Applied Biosystems fast PCR system, comprising pre-mixed AmpliTaq Gold or GeneAmp Fast PCR Master Mix, specially designed microplates and tubes, and the Veriti 96-Well Thermal Cycler, considerably reduces PCR amplifications times. Now you can amplify fragments under 500 bp from genomic backgrounds in about 25 minutes, and in some cases, in as little as 10 minutes. And you can amplify large fragments faster too – up to 2 kb in as little as 40—50 minutes.

Note: See user's manual or package insert for limited label license and trademark information. For Research Use Only. Not for use in diagnostics procedures.

产品规格：

Cap Type: Not Included

Color:	Clear
For Use With (Equipment):	7500 Fast Dx System, 7500 Fast System, 7900HT Fast System, StepOne, StepOnePlus, Veriti Dx Fast Thermal Cyclers, Veriti Fast Thermal Cyclers, ViiA 7 Dx Fast System, ViiA 7 Fast System
Product Line:	MicroAmp
Product Size:	125 strips
Reaction Speed:	Fast
Shipping Condition:	Room Temperature
Tube Type:	Strip of 8
Volume (Metric):	0.1 mL

內容及儲存

Contains 125 MicroAmp Fast 8-Tube Strips, 0.1 ml. Store at room temperature.
