## 产品详情

泰州艾可瑞流体设备有限公司是德国vanode集团在中国成立的子品牌，专业从事板式换热器、阀门、流量计等蒸汽系统和水系统的产品研发和生产。艾可瑞板式换热器广泛应用于工业化工，船舶，食品，供暖，钢铁和HVAC等领域，是传热系统方案及技术解决方案的提供商。

Taizhou Acare Fluid Equipment Co., Ltd. is a sub-brand of Germany Vaode Group established in China. It specializes in the R&D and production of plate heat exchangers, valves, flowmeters and other steam and water systems. Ackery plate heat exchanger is widely used in industrial industry, shipping, food, heating, steel and HVAC and other fields. It is a supplier of heat system solutions and technical solutions.

### 我们的主要产品

Our main products

板式换热器，钎焊板式换热器，板式换热机组，截止阀，减压阀及电磁流量计。

Plate heat exchanger, brazed plate heat exchanger, plate heat exchanger, stop valve, pressure reducing valve and electromagnetic flowmeter.

### 我们的优势

Our advantages

灵活多变的板片设计

为不同工艺优化设计

合理的造型设计，提高价格竞争力

贯穿售前、售中、售后系统式服务

Flexible plate design

Optimize design for different process

Reasonable design, so that your products more competitive prices

through the pre-sale, sale, and after-sales system services

作为您的供应商，无论您来自哪个行业，我们不仅提供高品质的全系列换热器、阀门和电磁流量计，同时将根据您的系统提供全新的节能理念。艾可瑞始终秉承高效传热的理念，努力将蒸汽系统和水系统产品服务于更多的行业，让传热真正实现高效！

As your supplier, no matter which industry you come from, we not only provide high quality full range of heat exchangers, valves and electromagnetic flowmeters, but also provide you with a new energy saving concept based on your system. Acare has always been adhering to the concept of efficient heat transfer, to steam system and water system of products and services in more industries, to realize efficient heat transfer!
