产品详情

兽面纹神鸟铜铲

该藏品前锋为铲型，刃与锋间没有明显界限，锋似剑首。上下出阑，阑后倾。采用青铜器上常见的纹饰之一（兽面纹）。

The front of this collection is a shovel type. There is no clear boundary between the blade and the front.

The front is like the head of a sword. Up and down out of the diaphragm, the diaphragm back. Adopt one of the common patterns on bronze ware (animal face pattern).

凶猛庄严，结构严谨，制作精巧，境界神秘，代表了青铜器装饰图案的最高水平。配神鸟有勾喙的鸟头形在侧。整体其创意之高深，铸造之精良，文饰之精美，造型之雄伟，种类之丰富，在人类青铜时代独具特色。

Fierce and solemn, rigorous structure, exquisite production, mysterious realm, representing the highest level of bronze decorative patterns. A beaked bird with a beaked head on its side. As a whole, its profound creativity, excellent casting, exquisite decoration, magnificent modeling and rich variety are unique in the

human Bronze Age.
