产品详情

海派塑业颗粒&磨砂板属于聚碳酸酯实心板的一个分支，是单面有纹路的实心板。历新颗粒&磨砂板表面的纹路一方面可以起到毛玻璃的效果，增强遮蔽性和隐秘性，另一方面对强光直射可以起到漫反射和散射作用，使光线柔和均匀，有效减少眩光和光污染。

HPPC Embossed & frosted sheets are solid polycarbonate sheets with a texture on one surface. The purpose of texturing is to provide

light diffusion and prevent see-through vision as deemed necessary for a variety of applications. These textures enable the diffusion of natural light streaming in along with ascertaining uniform dispersion of light over a large area.

海派塑业颗粒&磨砂板有多种纹路可供选择，包括钻石纹、水滴纹、皮纹、荔枝纹、粗/细磨砂、六角菱形纹、大/小棱镜纹以及凹形棱镜纹。各种纹路造型美观，颜色多样，表面防刮花，易维护，满足多种应用，尤其适合各类吊顶装饰、天窗采光、卫浴隔断、广告照明等应用。

HPPC Embossed & frosted sheet has many texture options including diamond, raindrop, leather, frosted and prismatic pattern etc. Owing to their unique patterns, rich textures, low maintenance requirement and superb finish, Lixin Embossed& frosted sheets is an ideal choice for many applications ranging from industrial/commercial roofing to interior designing.
