

# AGCL-675 SILVER/SILVER INK -氯化银油

产品名称	AGCL-675 SILVER/SILVER INK -氯化银油
公司名称	广州市银标贸易有限公司
价格	.00/个
规格参数	
公司地址	广州市番禺区钟村镇钟荣路1号致业科技中心A栋3楼
联系电话	020-23830403 13922125860

## 产品详情

### AGCL-675 SILVER/SILVER CHLORIDE INK

#### DESCRIPTION

- Fine particle, electrically conductive ink for screen printing
- Can be easily blended with other silver conductive inks in order to achieve intermediate resistance values
- Extremely tough, scuff resistant and has excellent adhesion to polyester, polyimide and other plastic substrates, with outstanding crease resistance when used on these substrates
- Dries to a smooth surface finish in order to optimize surface area contact to enhance electrode interaction
- Designed to dry quickly after printing
- Sensitive material - Do not expose to light for long periods and do not allow material to contact metal.
- Compatible with our UV curable dielectrics, conductive epoxy adhesives, UV curable component encapsulants and conformal coatings
