The average sales volume of the three agents you introduced is 10000 yuan, the rebate is 7%, that is 700 yuan, and the average sales volume of three agents is 2100 yuan.

That is to say, you will have a rebate of $5400 - 2100 = 3300$ yuan this month.

So, in addition to our own product sales, we should also take the time to find people and build our own team. In short, it's more people and more power.
