

CPC1017NTR光电固态继电器

产品名称	CPC1017NTR光电固态继电器
公司名称	深圳得圣科技有限公司
价格	2.70/个
规格参数	品牌:IXYS 型号:CPC1017NTR 产地:中国
公司地址	深圳市龙岗区横岗街道横岗社区力嘉路103号A栋407
联系电话	0755-28411876 18665865883

产品详情

Clare, an IXYS Company, designs, manufactures, and markets high-voltage integrated circuits (ICs) and optically isolated Solid State Relays (OptoMOS) for the communication, industrial, power, and consumer markets. As a pioneer in the development of Solid State Relays (SSRs), Clare has become a leading supplier to the telecommunications, security, utility metering, and industrial control industries. Clare SSR solutions are rapidly replacing older electromechanical devices in many applications and enhancing overall system performance.

Clare ’ s products enable communications by providing the critical interface between high-voltage electrical signals and the low-voltage electronics that process those signals. Leading manufacturers of communication, industrial, power, and consumer equipment around the world rely on Clare for semiconductor solutions.

Features:

Low drive current

High reliability

No EMI/RFI generation

Arc-free with no snubbing circuits

Machine insertable, wave solderable

AC/DC switching

Current limiting (available)

FCC compatible

Low off state leakage

The CPC1017NTR is a Single Pole Normally open 4 pin surface mount Optomos solid state relay.
The CPC1017NTR has a load current of 100 miliamps and a load voltage of 60 with an on resistance of 16 omhs.

Supplier:

IXYS Integrated Circuits/Clare

Part No:

CPC1017NTR

RoHS:

Yes

ECCN:

EAR99

Supplier Standard Pack:

2,000

Output Type:

N/A

Maximum Output Voltage:

60 V

Maximum Output Current:

0.1 A

Output Device:

MOSFET

Input Type:

DC

Input Voltage:

1.4 V

Mounting:

Surface Mount

Circuit Arrangement:

1 Form A

Dimension:

4.01 x 3.81 x 2.08(Max) mm

Unit of Measure:

Per Each

深圳得圣科技提供PCB线路板电子元器件一站式配单服务，BOM配单。欢迎来电咨询或者邮件我司。
