

镁铁蓄热砖镁质

产品名称	镁铁蓄热砖镁质
公司名称	营口创兴科技有限公司
价格	2000.00/吨
规格参数	
公司地址	辽宁省营口市
联系电话	13904170987

产品详情

镁质蓄热砖

该系列产品以优质镁砂为主要原料，以无机纳热系数、高比热容的添加剂制备而成，其具有抗水化性好、体积稳定性和电绝缘性能好、致应用于工业蓄热锅炉、民用固体电蓄热器等。

This series of products are prepared with high quality magnesite as main raw materials, inorganic nano sol as the binder, and high thermal conductivity, high specific heat capacity material as additive, it has high specific heat capacity, good thermal shock stability and hydration resistance and volume stability and good electrical insulating performance, high density and strength, are widely used in industrial heat boiler, civil solid electricity thermal storage, etc.

Brand 牌号	CX-XM	C
Properties 指标		
MgO %	86	
Fe2O3	<2	
显气孔率 Apparent Porosity %	18	

体积密度Bulk Density g/cm ³	2.90	
常温耐压强度Cold Crushing Strength MPa	80	
比热容Specific heat capacity J/(Kg.K)	1100	
抗热震稳定性(1100 ,水冷次数)	3	
Thermal shock resistance(1100 ,water cooling number)		
在20 绝缘电阻 Insulation resistance at 20 M	500	
永久线变化Permanent linear change(800)	-0.5
