### 蛋卷机的使用知识普及

嫩黄酥脆的蛋卷是城乡老少皆宜的大众化食品，以其入口即化、香味浓郁、口感酥脆、营养丰富而深受百姓喜爱。适合商场、超市、市场等经营场所。电动蛋卷机上下为加厚板（克服了老式蛋卷机不耐高温，易损坏的弱点），进口加热管装置，很大限度的增强了耐用程度，内部加热管布局合理，蛋卷受热均匀，色泽鲜艳。

The tender yellow crisp rolls are popular food for all ages in urban and rural areas. They are popular for their instant entrance, rich fragrance, crisp taste and rich nutrition. Suitable for shopping malls, supermarkets, markets and other business places. The electric cone machine is made up of thick plates up and down (which overcomes the weakness of old cone machine which is not resistant to high temperature and easy to damage). The imported heating pipe device greatly enhances the durability. The inner heating pipe layout is reasonable, the cone is heated evenly and the color is bright.
