

# PPS 6165A4物性表

产品名称	PPS 6165A4物性表
公司名称	东莞市彤达塑胶原料有限公司
价格	.00/个
规格参数	泰科纳:PPS 6165A4:进口 美国:聚苯硫醚
公司地址	东莞市樟木头镇百果洞社区帝豪街6巷1号一楼
联系电话	13434081795

## 产品详情

PPS Polyplastics) 6165A6 glass \ mineral reinforced material halogen-free electrical/electronic applications UL flame retardant VO,PPS plastic raw material American phillips r-4-200bl; Glass fiber reinforced material, 40% high strength black,UL94, flame retardant VO,5VAPPS plastic material philips r-4-200na, glass fiber reinforced material, 40% high strength natural color UL94 flame retardant V0, 5VAPPS plastic material philips r-4-230bl, glass fiber reinforced material, 40% processability, good UL94 flame retardant V0, 5VAPPS plastic material philips r-4-230na, glass fiber reinforced material, 40% processability, good UL94 flame retardant V0, 5VAPPS plastic material philips r-4xt, glass fiber reinforced material, 40% impact resistance, good ductility UL94 flame retardant V0, 5VAPPS plastic raw material philips r-402xt glass fiber reinforced material, 40% impact resistance, good UL94 flame retardant V0, 5VAPPS philips r-7-120: r-7-120na: r-7-121nr: r-9-02: r-10-7006a: r-7-02: r-7-120bl: XK2240 BLPPS plastic material Japan Po li 1150A64 glass fiber \ glass scales, 50% UL94 flame retardant VO,PPS plastic material Japan Po li 1140T11, glass fiber reinforced impact resistance, high automotive applications electrical/electronic applications UL 94 flame retardant V2PPS plastic material Japan Po li 1140A1 fiberglass reinforced material, 40% ultra high toughness UL94, flame retardant VOPPS plastic material Japan Po li 1130A6 flame retardant v-0 glass fiber enhanced by 30% high strengthPPS plastic raw material Japan baoli 1140A6 flame retardant v-0 glass fiber enhanced by 40% high strengthPPS plastic material Japan Po li 6465A62 filler/reinforced material glass mineral, 60% UL94, flame retardant VOPPS plastic material Japan Po li 6345A4 fiberglass reinforced material, 30% PTFE lubricant wear resistance good UL94, flame retardant VOPPS plastic material Japan Po li 2130A1 carbon fiber reinforced material, 30% good wear resistance, conductive UL94, flame retardant VOPPS plastic materials Japan toray A604, A604X95, A604X97 ultra-high toughness glass fiber reinforced material, 40% UL94, flame retardant VOPPS plastic material Japan Toray Resin A310MX04 packing/reinforcing material glass \ inorganic 65%PPS plastic material Japan toray A503 glass fiber reinforced material, 30% UL94, flame retardant VOPPS plastic material Japan toray A310M rigid, high glass inorganic, 70% UL94, flame retardant VO. The A400M A305M,PPS plastic material Japan toray A504X90 glass fiber reinforced material, 40% ultra high toughness and high strength UL94, flame retardant VOPPS plastic material Japan toray ar04-b glass fiber reinforced material, 40% UL94, flame retardant VOPPS plastic material Japan toray A674M2 reinforced material, 40% impact resistance, high UL94, flame retardant VOPPS plastic material Japan toray AR10M - B reinforced material glass \ inorganic, 65% UL94, flame retardant VOPPS plastic materials Japan toray E604, A390M65, A310MX04,
