

PBT长春3020

产品名称	PBT长春3020
公司名称	东莞市华韵塑胶原料有限公司
价格	22.00/kg
规格参数	PBT:原材料 3020:加纤20% 台湾长春:国产
公司地址	东莞市樟木头镇奥园塑金国际8栋214
联系电话	0769-87600377 13556776933

产品详情

PBT长春3020

PBT--挤压成型--未加强型

KU-7018 粘度高，改性弹性体

PBT--一般用途--玻璃纤维增强型

B3215 10%玻璃纤维，加工性非常好，高强度。

B3225 20%玻璃纤维，高强度/刚度，尺寸稳定，耐磨耐化学腐蚀。

B3235 30%玻璃纤维，高强度/刚度，尺寸稳定，耐磨耐化学腐蚀。

KL-7265 15%玻璃纤维，加工性非常好，高强度/刚度，尺寸稳定，耐磨耐化学腐蚀。

KL-7265POS151 类似于KL-7265但是防紫外线能力增强。

PBTT--冲击改进T--玻璃纤维加强型

B3215Z 类似于B3215,改性弹性体。

B3225Z 类似于B3225,改性弹性体。

KL-7033 30%玻璃纤维，改性弹性体。

PBT pure resin, welcome to contact Ms. Liu, we are doing ABS, Eva, PC, POM, PC / ABS, PBT, PMMA, PA66, PA6, PPO, etc. , professional agent PBT pure resin China first-class agent plastic raw materials quote, flame Retardant PBT / Mineral Fiber reinforced PBT / ANTI-UV PBT / food grade PBT / wear resistant PBT / high impact PBT / glass fiber reinforced PBT / heat stable PBT / high temperature resistant PBT / High Strength PBT / High Strength PBT / high strength PBT / Medical Grade PBT / high flow resistant PBT / anti-aging PBT / low temperature resistant PBT / anti-aging PBT / anti-aging PBT / anti-aging PBT / anti-uv PBT / Mineral Fiber reinforced PBT / Mineral Fiber reinforced PBT / anti-uv PBT / food grade PBT / Food Grade PBT / anti-uv PBT / anti-uv PBT / Food Grade PBT / anti-PBT / high impact PBT / high impact PBT / high impact PBT / impact PBT / glass PBT / Glass PBT / Glass PBT / glass PBT / glass PBT / Glass / Glass Nylon and other imported plastic raw materials, valet custom-made plastic raw materials around the world, welcome to call! The service range of the sales area is wide (Beijing, Tianjin, Hebei, Shanxi, Liaoning, Jilin, Heilongjiang, Dalian, Shanghai, Jiangsu, Zhejiang, Ningbo, Anhui, Fujian, Xiamen, Jiangxi, Shandong, Qingdao, Henan, Hubei, Hunan, Guangdong, Guangxi, Hainan, Shenzhen, Chongqing, Sichuan, Guizhou, Shaanxi, Gansu, Qinghai, Ningxia, Wuhan, Guangzhou, etc.) . Professional PBT engineering plastic raw material supplier, plastic properties table, certificate, technical solution provider —— Foshan [Huayun Plastic Co. , Ltd.] provide import source PBT plastic manufacturers direct sales, adequate supply, high-quality suppliers! Advantages: Full certificate / Regular Channel / Flexible Transaction / reasonable price / excellent quality / same day delivery / delivery time reinforced polyester, overview: PBT is a rapid-forming Resin, it has high strength, high rigidity and high toughness. It has excellent creep resistance even at high temperatures. It is extremely stable in many solvents, motor oils, and oils. When you add its excellent dimensional stability, low moisture absorption and excellent insulation, it is not difficult to understand why PBT opened up new engineering applications after its introduction in 1969. To meet the specific requirements of various applications, PBT has unreinforced grades as well as glass fiber or glass fiber / Mineral Blend reinforced grades. Improved grades of flame retardant and lubrication are available in both reinforced and unreinforced grades. Some of these flame retardants can reach the UL94 flame retardant test standard V0 level even if the product is only 0.8 mm (0.032 inch) thick. The V0 grade resin uses a high performance non-migratory flame retardant formulation. According to the market requirements, PBT flame retardant systems are low migration and non-halogen.
