

油烟在线监测仪生产商【双尼Souniny】

产品名称	油烟在线监测仪生产商【双尼Souniny】
公司名称	朗夏环境(深圳)有限公司
价格	.00/个
规格参数	品牌:双尼Souniny 精度: $\pm 3\%$ 设置方式:支持短信设置模块参数
公司地址	深圳市光明区公明街道上村社区莲塘工业城A区第13栋201
联系电话	18927435592 18926546218

产品详情

双尼不断专注于油烟在线监测仪、在线监测+油烟净化一体机、油雾净化器、除味设备、油烟在线监测系统、油烟净化器、的研发、制造与销售。深圳市科莱达环保设备有限公司（双尼）具有厉害的主要研发团队，20余项自主知识产权，欧盟CE认证、欧盟RoHS认证、环境管理体系认证、CEP中国环境保护协会认证、ISO-900质量管理体系认证、IP55认证、职业健康管理体系认证、等多项认证。双尼是专门对厨房油烟净化处理环保行业出品的油烟处理产品品牌。

油烟在线监测仪适用范围：

主题餐厅，餐饮连锁店，热处理油烟，平面磨床，食物油炸，柜台式餐厅，商业餐饮，餐饮酒店等。

油烟在线监测仪工程案例：

博尔格特色餐厅、天津万源龙顺度假庄园、皇家驿站、海底蓝宾馆、古越人家、食云集、粥鼎记、蜀留香、伍台等。

油烟在线监测仪产品参数：

耐电压：无异常现象（电弧和击穿）

工作温度：-45 ° C-220 ° C

企业管理：修改企业管理人联系方式

数据接口：UART:2400BPS-92600BPS

双尼是一家同时专注于餐饮油烟净化与油烟监测得环保设备制造商，该品牌以和多个地方环境监管部门合作，系统稳定完善。

油烟在线监测仪特点：

油烟在线监测设备配备手动开关,方便现场紧急手动启停。

全工业级电路，高稳定性、高可靠性设计。

标准化MOBUS协议，高标准工业级设计。

可任意设置上下限报警值。

零点自动校对。

监管部门后台可以实时了解餐饮企业及用户对设备的维护情况，用户可以将清洗维护的凭证和依据上传至服务平台供监管部门查看。

Souniny continuously focuses on the R & D, manufacturing and sales of oil fume online monitors, online monitoring + oil fume purification all-in-one machines, oil mist purifiers, deodorizing equipment, oil fume online monitoring systems, oil fume purifiers, and so on. Shenzhen Keleda Environmental Protection Equipment Co., Ltd. (Shuangni) has a powerful R & D team, more than 20 independent intellectual property rights, EU CE certification, EU RoHS certification, environmental management system certification, CEP China Environmental Protection Association certification, ISO-900 Quality management system certification, IP55 certification, occupational health management system certification, and many other certifications. Souniny is an oil fume treatment product brand specializing in kitchen fume purification and environmental protection industry.

Scope of application:

Theme restaurants, restaurant chains, heat-treated oil fume, surface grinders, food frying, counter restaurants, commercial catering, restaurants and hotels.

Engineering case:

Borg's specialty restaurants, Tianjin Wanyuan Longshun Holiday Manor, Royal Station, Haidian Blue Hotel, Guyue people, food gathering, porridge Dingji, Shu Liuxiang, Wutai and so on.

Product parameters:

Withstand voltage: no anomalies (arc and breakdown)

Working temperature: -45 ° C-220 ° C

Business management: modify the contact information of business managers

Data interface: UART: 2400BPS-92600BPS

Souniny is a manufacturer of environmental protection equipment that focuses on catering fume purification and fume monitoring at the same time. The brand cooperates with a number of local environmental regulatory agencies to ensure a stable and complete system.

Oil fume online monitor features:

The oil fume online monitoring equipment is equipped with a manual switch, which is convenient for emergency manual start and stop on site.

Full industrial-grade circuit, high stability and high reliability design.

Standardized MODBUS protocol, high standard industrial design.

The upper and lower limit alarm values can be set arbitrarily.

Zero calibration.

The background of the supervision department can know the maintenance status of the catering company and users in real time. Users can upload the cleaning and maintenance credentials and basis to the service platform for the supervision department to view.
