

德国拜耳 FR2000 易流动

产品名称	德国拜耳 FR2000 易流动
公司名称	上海市洪超塑胶原料有限公司
价格	1.00/KG
规格参数	德国拜耳:FR2000 FR2000:德国拜耳 德国拜耳:FR2000
公司地址	青浦区章练塘路588弄15号
联系电话	17621211411

产品详情

Delrin? 100 BK602 High Viscosity Acetal Homopolymer

Delrin? 100 NC010 High Viscosity Acetal Homopolymer

Delrin? 100AL NC010 Lubricated, High Viscosity Acetal Homopolymer

Delrin? 100TL NC010 High Viscosity Acetal Homopolymer with 1.5% PTFE Micropowder

Delrin? 111DP NC010 High Viscosity Acetal, Enhanced Dimensional Stability and Productivity

Delrin? 150 NC010 High Viscosity Acetal Homopolymer for Extrusion

Delrin? 300CP BK642 Medium-high Viscosity Acetal Homopolymer

Delrin? 300CP NC010 Medium-high Viscosity Acetal Homopolymer

Delrin? 300PE BK602 Medium-High Viscosity Acetal Homopolymer, Very Low Emissions

Delrin? 300PE NC010 Medium-High Viscosity Acetal Homopolymer, Very Low Emissions

Delrin? 311DP BK402 Medium-high Viscosity Acetal Homopolymer, Enhanced Crystallization and Dimensional

Stability

Delrin? 311DP NC010 Medium-high Viscosity Acetal Homopolymer, Enhanced Dimensional Stability and

Productivity

Delrin? 500AL NC010 Lubricated, Acetal Homopolymer, Medium Viscosity

Delrin? 500CL BK601 Chemically Lubricated, Medium Viscosity Acetal Homopolymer

Delrin? 500CL NC010 Chemically Lubricated, Medium Viscosity Acetal Homopolymer

Delrin? 500P BK602 Medium Viscosity Acetal Homopolymer

Delrin? 500P NC010 Medium Viscosity Acetal Homopolymer

Delrin? 500PE BK602 Medium Viscosity Acetal Homopolymer, Very Low Emissions

Delrin? 500PE NC010 Medium Viscosity Acetal Homopolymer, Very Low Emissions

Delrin? 500T BK602 Toughened, Medium Viscosity Acetal Homopolymer

Delrin? 500T NC010 Toughened, Medium Viscosity Acetal Homopolymer

Delrin? 500TE NC010 A medium viscosity, toughened acetal homopolymer with very low emissions for injection molding.

Delrin? 500TL NC010 1.5% Teflon? PTFE Micropowder in Acetal Homopolymer

Delrin? 511DP BK402 Medium Viscosity Acetal Homopolymer

Delrin? 511DP NC010 Medium Viscosity Acetal Homopolymer

Delrin? 511KM NC000 A medium viscosity acetal homopolymer resin modified with Kevlar? aramid resin. It is designed for applications requiring low wear in abrasive environments.

Delrin? 900P BK602 Low Viscosity Black Acetal Homopolymer Resin

Delrin? 900P NC010 Low Viscosity Acetal Homopolymer Resin

Delrin? 911DP BK402 Medium Viscosity Acetal Homopolymer

Delrin? 911DP NC010 Medium Viscosity Acetal Homopolymer

Delrin? FG100AL NC010 Lubricated, High Viscosity Acetal Homopolymer, Food Contact Compliant Grade

Delrin? FG100P NC010 High Viscosity Acetal Homopolymer, Food Contact Compliant Grade

Delrin? FG100TL NC010 High Viscosity Acetal Homopolymer with 1.5% PTFE Micropowder, Food Contact Compliant Grade

Delrin? FG150 NC010 High Viscosity Acetal Homopolymer for Extrusion, Food Contact Compliant Grade

Delrin? FG311DP NC010 Medium-High Viscosity Acetal Homopolymer, Food Contact Compliant Grade

Delrin? FG500AL NC010 Lubricated, Acetal Homopolymer, Medium Viscosity, Food Contact Compliant Grade

Delrin? FG500P NC010 Medium Viscosity Acetal Homopolymer, Food Contact Compliant Grade

Delrin? FG500TL NC010 1.5% Teflon? PTFE Micropowder in Acetal Homopolymer, Food Contact Compliant Grade

Delrin? FG511DP NC010 Medium Viscosity Acetal Homopolymer, Food Contact Compliant Grade

Delrin? FG900P NC010 Low Viscosity Acetal Homopolymer, Food Contact Compliant Grade

Delrin? SC631 NC010 A medium-high viscosity acetal homopolymer, developed for parts requiring high precision molding in the healthcare industry.

Delrin? SC652 NC010 A medium viscosity acetal homopolymer, with an advanced system of lubricants. It is developed for parts requiring low wear, low friction and low squeak noise for the healthcare industry.

Delrin? SC655 NC010 A medium viscosity acetal homopolymer, developed for parts requiring high precision molding in the healthcare industry.

Delrin? SC690 NC010 A low viscosity acetal homopolymer, developed for parts requiring high precision molding in the healthcare industry.

Delrin? SC699 NC010 A low viscosity acetal homopolymer, lubricated, developed for parts requiring high precision molding in the healthcare industry.

Delrin? 510GR NC000 10% Glass Reinforced Acetal Homopolymer

Delrin? 525GR NC000 25% Glass Reinforced Acetal Homopolymer

Delrin? 570 NC000 20% Glass Fiber Filled Acetal Homopolymer

Delrin? 577 BK000 20% Glass Fiber Filled Acetal, Black

Delrin? FG400MTD BLA079 Medium Viscosity Acetal Copolymer, Metal Filled, Food Contact Compliant Grade
