

空气净化器常用过滤网铝蜂窝芯活性炭

产品名称	空气净化器常用过滤网铝蜂窝芯活性炭
公司名称	苏州贝森环保科技有限公司
价格	.00/个
规格参数	
公司地址	苏州市相城区黄埭镇潘阳工业园春旺路东9号（注册地址）
联系电话	18913116002

产品详情

品牌：贝森环保

Brand:Besin Environmental Protection

产品编号：BST00010106

Product id:BST00010106

产品名称：空气净化器常用过滤网铝蜂窝芯活性炭

关键词：活性炭、吸附、分解、铝蜂窝芯、高效、除甲醛、除TVOCs、除臭氧、除异味

Keywords: Activated carbon, adsorption, decomposition, aluminum honeycomb core, high efficiency, formaldehyde, TVOCs, ozone, odor

产品说明：

本产品采用我司订制的铝蜂窝芯为基材，结构强度普遍高于行业水平，保证产品在使用过程中的强度；同时采用蜂窝结构可以有效降低工况的风阻、提高废气与反应媒介的接触时间；涂层材料我公司选用优质活性炭粉末，经过公司独有配方的改良使活性炭在吸附有害气体的同时分解有害气体，吸附加分解的去除组合有效克服了活性炭吸附饱和的缺点，大

大提高了活性炭的使用寿命。

Description of products :

This product USES the aluminum honeycomb core made by our company as the base material, the structural strength is generally higher than the industry level, to ensure the strength of the product in the process of use;At the same time, the honeycomb structure can effectively reduce the wind resistance and increase the contact time between the exhaust gas and the reaction medium.Coating material I choose high quality activated carbon powder, through the company's unique formula to improve activated carbon adsorption of harmful gas while decomposition of harmful gas, adsorption and decomposition of the removal combination effectively overcome the adsorption saturation of activated carbon shortcomings, greatly improve the service life of activated carbon.

规格型号 :

外形尺寸 : 500mm*500mm*10mm

蜂窝孔格尺寸 : 边长2mm

产品的其他尺寸型号可以根据客户要求订制 ;

Specification and model:

External dimensions: 500mm*500mm*10mm

Honeycomb cell size: side length 2mm

Other sizes of products can be customized according to customer requirements;

单价 : 人民币约49元/片

Unit price: about RMB 49 / piece

产品特点 : 低风阻、高效率分解、快速吸附、不脱粉、涂层厚度充分、无臭味、定制尺寸、定制边框

Product features: Low wind resistance, high efficiency decomposition, fast adsorption, no dedusting, coating thickness, no odor, custom size, custom frame

载体 : 铝蜂窝芯

Carrier: aluminum honeycomb core

适用场景：工业废气处理、空气净化器、空调、新风系统、激光打印机、复印机等

Applicable scenarios: Industrial waste gas treatment, air purifier, air conditioning, fresh air system, laser printer, copier, etc
