beer can chicken cooker

if you've never had drunken chicken, you're missing out on what may be the best tasting and simplest way to cook a bird. just place the beverage of your choice in the rings, slide the chicken cavity over the opened can and set over a hot fire. two hours later, you'll sink your teeth into one of the most tantalizing treats your taste buds have ever encountered. choose from black, powder-coated steel in single or double-can models or the stainless steel double-can model.available:

black steel single.black steel double.stainless steel double.
