

730-PK10 730-PK05 730-PK03 730-PK01

产品名称	730-PK10 730-PK05 730-PK03 730-PK01
公司名称	上海持承自动化设备有限公司
价格	326.00/件
规格参数	PCB:730-PK10 730:730-PK05 美国:730-PK03
公司地址	上海市金山区吕巷镇干巷荣昌路318号3幢1018室
联系电话	021-59112701 13671506557

产品详情

730-PK10 730-PK05 730-PK03 730-PK01

The Spartan™ Noise Dosimeter Model 730 is designed to make worker noise dose measurements easy and fast. With Spartan, control test setup and measurements directly from the Larson Davis Atlas™ mobile app. All essential tasks can be completed from your iOS™ or Android™ device.

LD Atlas allows you to monitor remotely without draining your dosimeter battery, ensuring that you're getting the valuable data you need the first time. When a test is complete, Spartan communicates with LD Atlas to download the data, which is viewable directly from a phone or tablet. Generate reports, including the full data file, from the mobile interface before sharing via email.

To begin testing, simply remove the dosimeters from their rugged case and attach them to workers' clothing. After a shift, place the dosimeters back in the case where they will charge and the data can be downloaded. Built-in measurement of motion and bumps, combined with the optional event audio recordings and 1/1 Octave frequency analysis, provide additional data that helps you understand what caused the noise.

The G4 LD Utility software offers another option for control of your testing. With all the functionality of the LD Atlas mobile app, G4 LD Utility adds the ability to complete "what-if" analysis to model potential changes and determine the impact of different data selections.

Spartan Kits offer you options from a single noise dosimeter to a set of ten. Each kit comes in a rugged case, ideal for carrying meters into the field. Once your work is complete, simply pack away your dosimeters and move to the next test site. Kits come in one, three, five, and ten meter configurations.
