

氯化胆碱 沧华 维生素

产品名称	氯化胆碱 沧华 维生素
公司名称	沧州市华大兽药有限公司
价格	.00/个
规格参数	
公司地址	中国 河北 沧州市 沧石路古迹铺268号
联系电话	86-03174958797

产品详情

型号	*	品牌	沧华
分类	维生素	有效物质含量	50 (%)
产品规格	70% 75%	主要用途	饲料添加剂
CAS	*		

cangzhou huada pharmaceutcal co. ltd. eastablished in 1992, is one of the is a high-tech biological company mainly in the field of producing feed additive products..it is located in the beach of bohai,the southern part of 307 national highway, which is very convenient in transportation to beijing and tianjin.

choline is one kind of vitamin it is the main element of lecithin. it is of great importance for the growth, breeding and nutriting of fowls ang livestock. because young fowls and livestock lack the function of synthesizing choline by themselves, the required choline is all from feed supply. though choline exists widely in most natural foods, the choline content can not meet the demand for animals growth. thus, it is necessary to add choline in the feed to ensure their rapid and healthy growth.choline chloride can help to improve the physiological fuction of the resynthesis and transformation of amino acid. it has functions of preventing pathological changes and the accumulation of fat in livers and kidneys. thus it can improve the physique, premonition and growth rate of fowls and livestock it can also improve the survival rate of newborn pigs, as well the growth and survival rate of fishes.

75% liquid choline chloride

70% liquid choline chloride
