

MOLYKOTE 7620

产品名称	MOLYKOTE 7620
公司名称	上海恩莱保贸易有限公司
价格	.00/罐
规格参数	摩力克:7620
公司地址	上海市松江区金高路2388号813室
联系电话	86-021-20228098 13391171050

产品详情

Molykote 7620 Anti-Friction Coating

Anti-Friction Coating

FEATURES :

Applied to metal surfaces to form an adherent, dry film that provides excellent corrosion-prevention properties over an operating temperature range of -70 to 380 ° C (-94 to 716 ° F)

APPLICATIONS :

Applied coating is a solid film lubricant designed to reduce die wear when applied to metal sheets prior to the stamping process, or to finished parts used in sliding applications requiring high anti-seize effect, e.g., exhaust manifold gaskets.
