产品详情

Better engine health can lead to reduced engine maintenance and lower maintenance cost. Eastman Turbo Oil 2197 is the world's leading high performance turbo oil, offering excellent oxidative stability for the health of your aircraft's engine. Using Eastman's unique Aviation Lubricants Advanced Deposition Simulator to simulate high temperatures and a dynamic environment, ETO 2197 was developed to meet the most demanding turbine engine needs. This trusted oil boasts best-in-class coking resistance for longer bearing life and outstanding thermal stability, providing free-flowing lubrication under the highest temperature demands.
