【Exhibition Introduction】：

"China Labor Protection Products Fair" started in the 1960s and has been successfully held for 100 sessions. With the reform process in China, the "China Labor Protection Products Fair" has undergone the evolution from the planned economy era to the market economy era, and completed a transition from the original Chinese Ministry of Commerce to the China Textile Business Association. China Labor Protection Products Fair is organized by China

Textile Circulation (Beijing) Exhibition Co., Ltd.

The 100th Plus Labor Insurance will continue to fully open the layout of the branch halls according to the categories of exhibits, creating a convenient, fast and comfortable environment for visitors to find products.
