主体采用新型环保材料电泳漆涂层（黑色或红色），防腐蚀、防潮、防脱落、耐磨损等，比起镀锌的各种性能指标是巨大的飞跃（也可以根据客户要求镀白锌或彩锌）。高性能合成橡胶，抗高温、耐低温、耐腐蚀。严谨的实验证明，比起一般产品，其使用寿命超长。

原厂生产，价格合理，品质保证，值得信赖！

the main use of new environment-friendly materials electrophoresis paint coating (black or red), anti-corrosion, moisture-proof, anti-shedding, abrasion-resistant and so on than galvanized a variety of performance indicators is a great leap forward (in accordance with customer requirements can also be plated white zinc or color zinc). high-

performance synthetic rubber, anti-high temperature, low temperature resistance, corrosion resistance. rigorous experiments show that compared with ordinary products, its long service life.

original production, reasonable prices, quality guaranteed, very trustworthy!
